### Burch To Become Candidate.

In a conversation with Mr. W. S. Burch, county attorney of Lincoln county, recently that gentleman informed the editor of the Record that he had fully determined to enter the race for the Democratic nomination for Commonwealth's Attorney for this Judicial District, and that he would make public announcement of his candidacy in the near future. Mr. Burch has many friends in Garrard county who will be pleased to learn of his determination.

### A New Candidate For Assessor.

There arrived at the home of Mr. and Mrs. Dave C. Sanders on Saturday night a ten pound youngster who is destined to divide the time with the "old man" which he has heretofore been devoting to his candidacy for the nomination for assessor.

### Bell Decision Affirmed.

The supreme court of the state of Washington has affirmed the decision of the lower court in the case of the Administrator of the late Judge W. Con. Bell against the Seattle, Renton and Southern Interurban Railway Co. in which a judgment was rendered some time since for \$17,500. The suit was the outcome of an accident which occurred on the defendants road on the 31st day of April 1910, in which Judge Bell lost his life and Mrs. Bell sustained injuries from which she afterwards died. Mrs. Bell before her death brought suit for \$10,000, and it was prosecuted by the guardian of her children after her death and a verdict obtained which was appealed and the appeal is now pending. Another suit for \$35,000 brought by the children of Mrs. Bell for her death is now pending.

### MRS. ELIZA FARRIS HAS PARALYTIC STROKE.

Mrs. Eliza Farris suffered a stroke of paralysis Wednesday and as the Record goes to press she is in a critical condition. Her entire body is affected, she is conscious and able to recognize her friends and speak to them, but owing to her advanced age scant hope is held for her recovery.

### Danville Tobacco Warehouses Close Today.

President H. C. Bright of The Danville Tobacco Warehouse and President I. M. Dunn of the Peoples Tobacco Warehouse Company of Danville each announce that their respective houses will close for the season today, Friday. Both of these houses have had a splendid business during the present season, and it is in a measure due to the fact that they are in charge of two of about the cleverest gentlemen in Central Kentucky, men who stand always for a square deal for everyone. As long as Lancaster is without a Loose Leaf Market we are glad to see our Garrard county people patronize such institutions as the two Danville concerns.

### Blood Money.

County Clerk J. W. Hamilton has received from the Auditor a check for \$948.50 to be distributed among the farmers of Garrard county who sustained losses of sheep by the ravages of dogs during the year 1911. The amount received for tax during 1911, from which this fund is derived, will enable the payment of 100 cents to the dollar on all losses.

### Wants To Be Sure Of His Vote.

Senator George T. Farris came up from Frankfort Saturday and remained in town over court day. While here he filed with the county clerk and had put to record a declaration that he still claimed Lancaster as his home, and that his residence in Frankfort was only temporary. He did this in order that there might be no question as to his right to vote here. He filed a like declaration for Frank Wheeler.

### County Court.

Monday was county court day and because of the fact of it being a pretty day and the ground, not in a condition to permit of any farm work being done, a large crowd was in attendance. There was very little stock in evidence. Manager Ross of the stock yards reports about 30 head of inferior cattle, all of which changed hands in lots of from five to ten at the prevailing market prices for such offerings. Capt. Ambrose Bourne reports a very poor demand for the cattle and other stock that was on the market. Capt. Bourne reports the sale of 55 head of sheep, the property of J. R. Ruble, to Sweeney Morgan at \$5.30 per head; 25 head of ewes with lambs for Mr. Chrisman of Boyle county to Bright Herring for \$7.30 per head. He sold several head of plug horses for prices ranging from \$50. to \$80.

### NEW EASTER SUITS.

Our new Hart Schaffner & Marx suits are just the thing for Easter you know the quality.

Jas. W. Smith.

### Results Of A Little Extra Care.

A few of the farmers of Garrard county are turning their attention to the producing of farm products to be disposed of to their neighbors and to the world at large for seeding purposes and the results have proven satisfactory beyond their most sanguine expectations. Especially has this been the case with seed corn and tobacco, and they have been deluged with applications from far and wide, could not begin to fill the orders which they received. This fully demonstrates the fact that Garrard county can successfully cope with any county in the world in the production of farm products.

It takes but very little more care and attention to bring the products up to the high standard of production which these gentlemen have reached, and we believe it would prove a source of additional revenue to all of our farmers to so cultivate their crops as to be able to pick out a certain amount for seeding purposes; this will not only bring an extra price, but it raises the standard of the remainder of the crop and makes it demand a better price in the open market.

### Big K. of P. Meeting.

A class of over 300 candidates were led through the mysteries of the Knights of Pythias lodge in Lexington last Friday night. The work was conferred by Gen. Fred Wheaton of Minneapolis, one of the supreme officers of the organization, and was witnessed by over two thousand members of the order congregated from all over the state.

### Uncle Sam Nabs "Pottsy"

Deputy U. S. Marshal William Mayes came down from Richmond and relieved the local authorities of the presence of Fred Emerson, who was working out a long sentence for dabbbling in the liquor trade. "Pottsy" as Emerson is known locally, will be tried before a U. S. Commissioner and doubtless held over, and when his final trial comes up in the Federal court will no doubt get a good stiff sentence, as he is an old offender.

### Rural Teachers Salaries.

State Supt. Barksdale Hamlett and  
Rural School Supervisor T. J. Coates  
in advising Miss Higgins as to the pro-  
visions of the recent school legislation  
said, among many other good things,  
that the rural teachers would be paid  
according to average attendance and  
merit and not upon the number of pupil  
children residing in the district, also  
the new compulsory school law apply-  
ing to children between seven and  
thirteen has a heavy penalty, and will  
be the means of increasing the attend-  
ance.

### Prisoners Go To Penitentiary.

Deputy Sheriffs Curt A. Robinson,  
Thomas Ballard and Harry Tomlinson  
left last Saturday for Frankfort, con-  
veying to the penitentiary Allen Jones  
(col) convicted of the killing of Harri-  
son Preston, white, and sentenced to  
from 2 to 21 years; Chas. Humber and  
Alvin Thomas convicted of malicious  
shooting at and wounding James Jones,  
colored, and sentenced to from 1 to 5  
years and Dave Denny, colored, charged  
with cutting Mote Kavanaugh, also  
colored, and sentenced to from 1 to 5  
years. All of the above named were  
convicted at the recent term of court.  
They also took John Calico convicted  
at a former term of court of the killing  
of Ervin May and sentenced to serve  
from 2 to 21 years.

### Estes.

Mrs. Margaret Estes died at the home  
of her son Mr. Shipton H. Estes in this  
city at 3:30 o'clock Monday afternoon  
and after funeral services by Rev. O.  
P. Bush, her remains were placed at  
rest in the Lancaster cemetery on Tues-  
day afternoon at 4 o'clock.

The deceased was 79 years of age  
and her demise was due to the infirmi-  
ties of old age. She was the widow of  
the late John Estes and was numbered  
among Garrard's best women. She had  
reared a large family, and had  
lived to see all of them grow to the  
estate of man and womanhood and to  
become useful and respected citizens in  
the respective communities in which  
they dwell. Mrs. Estes was born in  
Pulaski county but came to Garrard  
with her husband forty years ago,  
where she has since resided. Among  
the children who survive her are Messrs  
Shipton H. and Frank Estes and Miss  
Mattie Estes of this place.

### Boys Corn Club Last Call For Members.

Miss Jennie Higgins informs us  
that she has enrolled 55 members in  
the Garrard county Boy's Corn Club.  
Only ten bushels of seed corn has been  
allotted to this county; this amount  
would supply about eighty members  
and Miss Higgins would like to increase  
the membership to as near that num-  
ber as possible.

Now listen boys, Miss Higgins al-  
ready has six prizes with which to  
supplement the nice offerings made by  
the state to the contestants in the club  
included in the prizes which Miss Hig-  
gins has to offer is \$25. in gold, a boys  
saddle, a fine bridle and she expects  
these prizes to be supplemented by several  
others by local merchants, a full list  
of which and the manner in which they  
are to be distributed will be published  
later.

Send in your name and help swell  
the list to the required number. Some boy  
in Garrard county will win the big cash  
prize, some boy in Garrard county will  
win each of the other prizes, it might  
be you, get in and try anyway.

### Unique Affair At Paint Lick.

"Charles Jewell and Fannie Lee Wal-  
lace will celebrate their 8th and 6th  
birthdays on March 20th, 1912.

Also a Doll Wedding will be held.  
We invite you.

At Home, Paint Lick, Ky.  
Both of these little folks were born  
in the month of March, there being  
nine days difference in their ages, so  
they are holding a joint celebration.

In response to the above invitation  
sent out to their little friends in the  
community by Charles Jewell and Fan-  
nie Lee Wallace of Paint Lick Ky. there  
gathered at the hospitable home the  
following children.

Andrew and Nancy Guyn, Lucile  
Estridge, Ruth Ross, Odessa Colson,  
Misses Geneva Rucker and Ora Es-  
tridge were the chaperons and helped  
to make it pleasant for the children.

Fannie Wallace had her dolls dressed  
handsomely, her father played the  
wedding March and said the ceremony  
that made "Fred" and "Kitty" man  
and wife. Refreshments were served  
at 2:30 P. M. after which some romps  
and plays by the children, good byes  
were said wishing Fannie and Jewell  
many more happy birthdays.

### Attack's School Principal.

A severe attack on school principal,  
Chas. B. Allen, of Sullivan, Ga., is  
thus told by him. "For more than  
three years," he writes, "I suffered in-  
describable torture from rheumatism,  
liver and stomach trouble and diseased  
kidneys. All remedies failed till I used  
Electric Bitters, but four bottles of  
this wonderful remedy cured me com-  
pletely." Such results are common.  
Thousands bless them for curing  
stomach trouble, female complaints,  
kidney disorders, biliousness, and for  
new health and vigor. Try them.  
Only 50c at R. E. McRoberts & Son.

## \$15. Per Pound Is A Big Price For Tobacco But That Is What Some Of Garrard County Production Brought.

If anyone has a doubt about Gar-  
rard county being the prize tobacco  
growing county in the state, the fact  
that 5 pounds of tobacco produced here  
brought \$15. per pound in Lexington  
last week should dispel it. The tobacco  
brought this unheard of price was a sam-  
ple taken from a crop raised by Mr. Ben  
Kelly, and for which he received be-  
tween 24 and 25 cents per pound on the  
Lexington loose leaf market. The follow-  
ing report sent to the Courier-Journal  
by their Lexington correspondent ex-  
plains the high price realized for the  
sample, and at the same time demon-  
strates the fact that Garrard county  
sends to market the best tobacco pro-  
duced in the state:

"The highest price ever paid for leaf  
tobacco was brought here to-night when  
five pounds were sold at auction for  
\$75. The occasion was a sale of to-  
bacco samples at the Heidelberg dinner  
given by the Commercial Club to-night.  
The money raised from the sale of to-  
bacco samples will be used to prepare a  
large sign to be placed near the South-  
ern railroad depot proclaiming Lexing-  
ton the largest looseleaf tobacco mar-  
ket in the world. The record price  
bundle was bought by Dr. Sam H. Hal-  
ley. It was grown by B. F. Kelly, of  
Garrard county. In all, \$105 was  
raised by the auction."

### New School Building.

The question of whether or not we  
shall have a new school building with  
proper light heat and ventilation is to  
be submitted to the people of this dis-  
trict on April 6th 1912. The repre-  
sentatives of the State Board of  
Health, the county Supt., and the  
board of Trustees, after full investiga-  
tion have come to the conclusion that  
the present buildings are unsuitable  
for these purposes and the present  
building has been condemned, and the  
only solution is to build a new building,  
in order that the school children can  
get the benefits that are due them.

It is estimated on scientific investiga-  
tion that with our present buildings,  
that 25 per cent of our school children  
will have defective eyesight, and that  
a great many will be liable to contract  
the common diseases from which hu-  
manity suffers from a health stand-  
point, many will be afflicted with such  
diseases and it is calculated that at  
least 5 per cent are liable to meet  
with diseases, it is therefore impera-  
tive that we should have a new build-  
ing, to protect the health of our child-  
ren. Under the proposed plan the new  
building will cost only one thousand  
dollars per year and the interest on the  
bonds, without any material and pos-  
sibly without any increase in present  
rate of taxation.

With such facilities as we have had  
for school purposes, we have seen our  
property almost double in value and  
with the proper facilities we may ex-  
pect better results. Heretofore the  
school has realized more than \$3000.  
per year from the Leavell fund and  
\$2500. per year for the first year will  
meet the expense and same will de-  
crease at the rate of \$1000. per year on  
principal and fifty dollars per year on  
interest. It thus appears that we are  
financially able without increasing  
taxation to give our children the ben-  
efit of a new building, and all those in-  
terested in education and the health  
of our youth should unhesitatingly vote  
in favor of the Bond issue to give us a  
new and up-to-date school building.

### Confederate Soldiers To Receive Pen- sions From The State.

Governor McCreary has appended  
his signature to an act passed by the  
recent legislature which grants to sur-  
vivors of the "Lost cause" under cer-  
tain conditions, a pension of \$10. per  
month. Widows are also to profit by  
the act. Capt. J. A. Doty tells us  
that he anticipates the filling of at  
least six claims from this county, three  
for soldiers who are living and three  
for widows of those who have died.

We give below a brief synopsis of  
the measure:-  
Granting a pension of \$10. per month  
to all Confederate Veterans who have  
been residents of the state since Jan.  
1, 1907 and who served for one year,  
and to their surviving widows, provid-  
ed they were married previous to Jan.  
1, 1890. Any one prevented from serv-  
ing the required length of time be-  
cause of sickness or injury sustained in  
the service is entitled to the benefits  
of the act, and having attained the  
age of 65 years places one on the  
disabled list and subject to pension.

No person is entitled to a pension  
who is capable of earning a livelihood  
by manual labor, or by reason of knowl-  
edge or skill in any craft, trade or  
profession, who has a net income of  
\$300. or more per year, who possesses  
property to the value of \$2500., or who  
in any manner has his support or main-  
tenance provided for.

The Governor, Secretary of State  
and Auditor shall compose the State  
Pension Board, and their decision as to  
the granting or rejection of claims  
shall be final.

Applications shall be filed in the  
County Court in the county in which  
the claimant resides, evidence of  
character & C to be filed and heard in  
open court, the Judge thereof sending  
said evidence to the Pardon Board.

Payments will be made four times  
per year, August, November, February  
and May.

The manner of making application,  
securing evidence on claim and other  
matters pertaining to the conduct of  
the affairs of the Pension Board are to  
be conducted along lines similar to  
those in use by the Federal Govern-  
ment.

### Tragedy At Harrodsburg.

On last Sunday morning at Harrods-  
burg Chief of Police K. C. Smith was  
shot in the arm, and Work house keep-  
er J. W. Davenport was shot in the  
side by Edward Moore, a young white  
man, who then turned the weapon on  
himself and blew out his own brains.  
Chief Smith's wound is not of a seri-  
ous nature, and the bullet which struck  
Mr. Davenport entered just over the  
heart and ranged around to his back,  
but is not considered necessarily dan-  
gerous. Moore had, it is said, been  
full of mean liquor and hope and was  
threatening to annihilate his family,  
and the officers were summoned, upon  
their arrival Moore agreed to go to  
jail with them, but seizing an oppor-  
tune moment, broke for the house and  
locked himself in, the officers being  
compelled to force an entrance with  
the above result.

## First Week of the Contest

## Exceeds All Expectations.

The Big Contest started off with a rush, and notwithstanding the fact  
that up to the time of the first count the contestants had but two days in which  
to work, they settled right down to work, each with a determination to win  
one of the splendid prizes, one of the contestants taking a remarkable jump to  
upwards of 25,000 votes. This should by no means discourage the other can-  
didates, or new ones from entering the contest, as votes are easily secured,  
and this lead can be readily over come by a few hours persistent efforts. More  
new contestants are being nominated every day and by the coming of another  
count one of the latest entries may head the list.

All of the contestants are urgently requested to call either at the Record  
office, or at R. S. Brown's store in Lancaster, or Becker Ballard Co., in Bry-  
antville, and be instructed as to the best method of securing votes.

### The Secret Is Out.

Hortense Cavalla, was known as the most beautiful woman in Europe.

It was common knowledge that a prince of the royal blood, heir to the throne of one of the oldest European countries was so enamored with her charms, that he had repeatedly offered to marry her and relinquish his kingdom.

She was the envy and despair of all the ladies of the court as the men had eyes for no one but her in her presence. And while her figure and feature were beautiful it was the surpassing loveliness of her complexion which was her greatest charm.

Her skin was as white as alabaster, smooth and velvety of texture and her color rich and warm.

#### No Greasy Face Cream For Her

#### What Did She Use?

That was the question so many people were dying to know. Cavalla would not tell and others could not tell the secret, because they did not know.

Just how a certain Chemist discovered her secret would make an interesting story alone, one we have not the space to tell; suffice it to say that money could not buy her famous recipe and one of the conditions was that it should never be sold in Europe where her envious rivals could obtain it.

### She Used A

### Face Retenoid

The Soloron Mfg Co. has been organized to manufacture her famous recipe and they have termed it after the properties it possesses, "ALABASTROL."

The story told above is true in every particular with the single exception of the famous European Beauty's name as she does not want newspaper notoriety. Alabastrol is something entirely new; not a face powder, neither a lotion, nor a Cream.

Yet possesses the properties of all to a more intense degree accomplishing far better results in a shorter space of time.

Why use face creams if you only offset their beneficial properties a moment later through the application of skin drying face powders of often doubtful origin? Powders blow off, soil your clothes and give your face a chafed appearance at once indicating their use.

Tis not so with Alabastrol, it is rubbed into the skin much as you would a cream (only after its use you won't need any creams) and in a few seconds the beneficial and essential oils are absorbed by the skin and presto—

#### Now Note The Skin

Not oily or greasy appearing, but a dull velvety looking smooth surface will be reflected to you from your mirror—a truly alabaster like effect and what is more will remain that way for hours and no one will be able to detect its use.

We do not claim that all can possess the beauty of Cavalla but we do claim that any one may obtain a beautiful complexion by using Alabastrol.

Now remember our claims are not the origination of a fertile mind as the Soloron Mfg Co. is incorporated under the laws of the State of Colorado and that Alabastrol is guaranteed under the U. S. Pure Food & Drug Act to contain nothing but the purest ingredients, and is manufactured under modern and hygienic methods.

Alabastrol is healing and antiseptic in effect, and though it has been on the market but a short time everyone who has used it says it is "The Most Perfect Complexion Beautifier and Mail Orders from all over the country are pouring in."

We send "Alabastrol" in plain wrapper to any address in the U. S. on receipt of 50 Cent Silver.

**Col. Chinn In Town.**

Col. Jack Chinn of Harrodsburg was in town Monday mingling with the court day crowd and presenting his claims for the Congressional nomination in the eighth district. To a Record representative he remarked that "his hat was in the ring" and would stay there to the end, that he was never known to be a quitter, and was too old to begin. He said that he would make formal announcement of his candidacy through the press of the district within a very short time.

**Mens Forward And Religion.**

"Team No. 2." assigned to Lancaster in the interest of the above movement, and composed of six prominent Louisville gentlemen, who have deeply at heart the uplifting of their fellow men, were in Lancaster last week and held six very interesting services, two at the Methodist, two at the Baptist and two at the Christian churches. Because of the extremely disagreeable weather the services were not as well attended as they would have been under more favorable circumstances, but whenever the weather would permit, good crowds were present to hear the very interesting talks made by the visiting gentlemen.

The object of this widespread movement is to interest the laymen of the various churches in the welfare of their fellow men, to teach them ways and means by which they may be of assistance to those who need to be proffered spiritual advice and assistance, to teach them to intelligently endeavor to lead to Christ some person who perhaps for some reason would not be reached by other means, and to offer new ideas and new thoughts for those who are laboring or who wish to labor in His cause.

The visitors met with a most cordial reception, both from the ministers of the various churches and the citizens of the entire community, and they left with a feeling that it was good that they came, and all who were so fortunate as to be able to attend the services are equally as glad to have had them with us, and feel that their visit will prove productive of much good.

He has these goods on display this week and cordially invites the ladies of the town and county to come and inspect them.

## W. B. Burton Ill.

Mr. W. B. Burton returned from a short business trip to North Carolina last Saturday and has since been confined to his room at the Kengarian with a mild attack of pneumonia, his left lung being slightly affected. He is improving rapidly and will be out in a short time, provided no complications arise. Miss Wilkie, a trained nurse from Lexington is attending him.

## Should Be In School.

We notice a good many children between the ages of 7 and 11 years upon the streets of Lancaster during school hours. State Sup't. of Schools Hamlett says that there is a heavy penalty for failure to send children of school ages to school, and some fine morning the parents of these youngsters who are roaming the streets will find themselves haled before the court and a fine administered for their failure to observe the provisions of the law.

## Early Morning Fire.

On Wednesday morning the grocery store of Mr. D. T. Brummett near the depot was discovered to be on fire, and such headway had the flames gained before Mr. Brummett could summon assistance that it was impossible to save either the building or its contents, but the fire department did splendid service in saving adjacent property. Marksbury's large warehouse being only a few yards distant from the burned property. Mr. Brummett's residence was in connection with the store, he lost his furniture and household goods, together with a stock of goods valued at about \$900. He carried \$500. insurance on his stock and \$200. on his furniture. The building was the property of Mr. F. B. Marksbury, and he carried no insurance.

## State Engineers Here.

Prof. E. H. Mark, State Sanitary Engineer, was in Lancaster this week and appeared before the City Council to give them his views on the proposed extension to the local water plant. Prof. Mark gave it as his opinion that the very best thing we could do would be to increase the capacity of the lake now in use and to increase the capacity of the filter. He says that the method of filtering in use here is the most satisfactory one known, both from a sanitary and every other point, and that the trouble with our filter is that it is entirely too small for the work demanded of it. Prof. Mark is connected with the State Board of Health and his visit here was wholly gratuitous, and the advice which he gave was entirely disinterested. Prof. Mark was formerly principal of the Public School of Louisville, and is a gentleman of wide experience especially in the matter of the providing of sanitary appliances and the installing of modern water plants.

## Prominent Men Speak.

Prof. Barksdale Hamlett, State Sup't of Public Instruction and Prof. T. J. Coates, State Superintendent of Rural Schools, spoke at the court house Tuesday evening in the interest of the proposed issue of bonds for the purpose of erecting a new school building in Lancaster. A large crowd was out to hear the distinguished speakers and their addresses proved very interesting. Both of the gentlemen advocated the erection of a large and commodious school building, one that would be capable of accommodating the pupils for many years to come, regardless of increase in the patronage of the school or its proportions. Prof. Hamlett paid a nice compliment to the intelligence of the community and the various advantages which the community enjoyed in the way of improvements, but said that the school building was entirely out of keeping with the remainder of the city. He advocated the voting of bonds to the amount of \$50,000 and erecting a school building second to none in the state in cities the size of Lancaster.

## Estes.

A telegram received here by her parents on the 26th brought the sad intelligence of the death of Mrs. Ollie W. Estes in La Pryor Tex. Owing to the great distance, it is impossible for us to give the details of the funeral arrangements, but her remains will arrive here the latter part of this week, and after services at the home of her parents at Hyattsville, will be interred in the Lancaster cemetery.

The deceased was a daughter of Mr. and Mrs. John Meadows of Hyattsville, she was 26 years of age; and was a most attractive and popular young woman. She was married to Mr. Ollie W. Estes on the 30th day of November 1910, but her married life was destined to be of short duration, for she was stricken with that dread destroyer, consumption and despite the loving care and attention of loving parents and husband, she grew rapidly worse; she was taken to Texas in the hope that a change of climate might prove beneficial, but it was unavailing, and after but a few months in her new home the disease proved fatal. Besides her husband and parents, she is survived by four brothers and two sisters and a host of friends who mourn her loss.
